

TEEN SERVICES

A teen support center that offers more than just health and wellness checkups

In addition to keeping our teens in great physical shape, we also offer them counseling and job-related support.

Call **833-867-4642** Mon – Fri 8:00am-5:00pm to speak with a Neighborhood teen clinic specialist

Teen Wellness Program

Neighborhood's Teen Wellness program was designed to provide both health-related and vocational support and education for teens during high school. Kayla Emery and Diana Rodríguez both enrolled in our wellness program when they were teens. During the program, they were encouraged to think of their future and set goals. As a result, both Kayla and Diana have gone on to pursue higher education. While attending school, they both wanted to return to the program as volunteers. They now encourage teens to believe in their dreams and they share their stories as inspirations. Kayla is now enrolled at Palomar College and is planning to get her AA in nursing by Spring 2017. Diana has recently been accepted to Cal State San Marcos as a full-time student.

At Neighborhood, we are with you every step of the way, for each of life's chapters. From childhood to adulthood; and everything in-between.

Every Thursday 3:00pm –5:00pm
728 E Valley Pkwy, Escondido, CA 92025
